NAME

DATE

## Family Note

At school we have been comparing and ordering numbers from smallest (least) to largest (greatest). Help your child compare and order the ages of the members of your family. Prompt your child to count up from each number to the next number to check their answers and to practice counting on from numbers other than one.

Draw a picture of your family. Write each person's age.

Write the ages in order from youngest to oldest:

youngest \_\_\_\_\_ oldest  
(least) (greatest)

0	11	13	16	8	9
13	7	5	13	6	
2	5	13	5	7	1

Color thirteen:

Write in the missing numbers:

○ 9 ○ ○ ○ ○ ○ 14 ○

# Food

You can learn about history by studying the past.

## Then

In the past, most people grew their own food.

## Now

Today, most people buy their food in a store.

Life was different in the past.

How was it different?

How was it the same as life today?

Long ago, people got water from a well.

People get water from a faucet or a water fountain.
